

AI
69. The method of claim 64 wherein the first component is stored in a first chamber of a multi-chamber container and the second component is stored in a second chamber of the multi-chamber container.

70. The method of claim 64 wherein the first chamber includes an exit port through which the first component is capable of being in direct fluid communication with the patient prior to mixing.

71. The method of claim 64 wherein the hemofiltration method is continuous renal replacement therapy.

72. The method of claim 64 wherein the mixed solution is infused into the patient as an infusion solution.

REMARKS

This Preliminary Amendment is submitted in the above-identified patent application. Pursuant to the Preliminary Amendment, Claims 65-72 are newly-submitted. This Preliminary Amendment does not add new subject matter. Applicants note that this Preliminary Amendment is being made to add claims and therefore Applicants do not intend to disclaim any subject matter in view of same.

Attached hereto is a marked-up version of the changes made to the specification and claims by the current amendment. The attached page is captioned "Versions with Markings to Show Changes Made."

Respectfully submitted,

BELL, BOYD & LLOYD-LLC
